1. Do not change the proportions or the layout of the patterns. Keep the template at 8114 × 8114 px — do not scale it down
2. Do not change the "sRGB IEC61966-2.1" color profile, and embed it when saving front.jpg and back.jpg
3. Create the design with a bleed of at least 300 px beyond the pattern outline. Do NOT fit the design within the pattern pieces
